MA PROTECT Act: What's Changing

Staff Quick Info · Oct. 2026

A quick overview for staff. For anything case-specific, connect the student with qualified legal help.

IN EFFECT NOW

Schools + health care

SINCE SEPT. 1

- No immigration arrests at **public + charter schools** or **licensed child care** without a judge's warrant
- Same rule in areas **hospitals + clinics mark as private**, like exam rooms (since Oct. 4)

Places of worship are not covered. Lobbies and waiting rooms are covered only if the provider marks them private.

Police + courts

SINCE SEPT. 4

- Police, sheriffs, and court staff generally **can't ask about or write down** someone's immigration status (some exceptions)
- They generally can't hold someone just because ICE asks, or share private information with ICE

This limits local help to ICE. It does not stop ICE itself.

Family emergency planning

SINCE AUG. 5

- Parents can choose now who will care for their children if they are **detained or deported**. Two options:
- **Caregiver affidavit:** no court, but it **must be notarized** and signed in front of 2 adult witnesses (not the caregiver). The caregiver must live with the child. Covers school + medical decisions for up to 2 years; the parent keeps all rights
- **Standby guardian:** named on court form MPC 142. Starts if the parent is detained or deported. The guardian must file with Probate and Family Court **within 30 days**, unless a judge already confirmed it

Plan before a crisis. MIRA family guide: QR on page 3.

ICE inspection at work

SINCE AUG. 5

- If ICE says it will check workers' I-9 papers (proof of work permission), the employer generally must **tell all employees in writing within 48 hours**

Workers get a warning. ICE can still check the papers.

Urgent? For detention, transfer, or a court date coming up, help the student reach a qualified lawyer right away. Don't wait for a reporting process.

PROTECT Act: Starting Nov. 3 + Support

Courthouse arrests

STARTS NOV. 3

- No ICE arrests **anywhere on court property** (the "curtilage"): steps, sidewalks, lawns, plazas, and court parking lots, **without a judge's warrant or order**
- Before any arrest, ICE must **show a judge at that courthouse** the warrant or order. The judge reviews it
- No immigration arrests inside a courtroom

Court is not fully safe. Students with a court date should talk to a lawyer first.

Detention + transfers

STARTS NOV. 3

- State and county jails holding people for ICE must explain rights in the person's language and allow free video calls with lawyers
- If someone is moved, the jail must try to **tell their lawyer or family contact within 6 hours**, including where they went
- Each must have a public phone number to check who is held there

Not every place ICE holds people is covered.

U + T visa forms

STARTS NOV. 3

- U and T visas help some survivors of serious crimes or trafficking. They need a signed form from police or another agency
- Agencies generally must answer within **45 days**, or **14 business days** if urgent

The signed form is not a visa. Wage theft or housing problems alone usually don't qualify.

Most of these rules need a judge's warrant. ICE usually doesn't have one.

ICE warrant: does NOT count

- Says "Department of Homeland Security" at the top (Form I-200 or I-205)
- Signed by an **immigration officer**

Judge's warrant: counts

- Names a court, like "Trial Court of Massachusetts" or "U.S. District Court"
- Signed by a **judge** or magistrate

Check the signature line. Staff can ask to see the paper. Don't physically block anyone. Call a lawyer or LUCE. **Sample warrants: page 4.**
